

The ASGS is a professional, nonprofit, organization of scientific glassblowers and associated members who are interested in the art of scientific glassblowing. The objectives of the Society are the promotion, gathering, and dissemination of technical and scientific information concerning all aspects of scientific glassblowing.

As a contributing author to Fusion, The Proceedings, or Video Presentations, we need your permission to use your contribution(s) in any manner that will promote sharing of this technical information by the ASGS with it's Membership. This may involve use of your publications, photos, drawings, and/or video presentations that are in the ASGS Technical Reference Archive. Use the form below to indicate your permission selection.

Author Permission Form

Permission - Check only one. *
